DIV. OF OIL, GAS & MINING

Dear Ms. Dean:

The Uinta-Wasatch-Cache National Forest has reviewed and determined that the posted bond amount of \$64,000 granted by Sunroc Corporation (Sunroc) is sufficient to meet the anticipated reclamation requirements on National Forest System lands. The reclamation cost estimate is based upon Sunroc complying with all the applicable operating and reclamation requirements.

Sincerely,

DAVID C. WHITTEKIEND  
Forest Supervisor
